

**You can't treat what you can't see.
Learn to see everything that matters.**

2026 Point-of-Care Ultrasound (POCUS) Summer Course

In fast-paced clinical environments, immediate diagnostic insight isn't a luxury; **it's a necessity.**

Our intensive **8-day Summer POCUS Course** at BGU's advanced simulations center trains you to use ultrasound as a real-time diagnostic tool in ERs, hospitals, community settings, and in the field.

Through hands-on training, live demonstrations, and scenario-based practice, you'll gain practical skills **you can apply from Day One.**

If you want faster, sharper, more confident clinical decisions — **this course is built for you!**

**Ready to advance your
diagnostic edge?**
