

# Interested in working in Germany?

We offer valuable support on every step of your individual path. Our wide range of events, working material and services helps you to start your career journey:

- master the application process
- find a suitable internship and job
- gain insights in german companies
- learn from german role models
- gain your first work experience
- expand your professional network
- plan your next career steps

The InDiGU-PLUS project is an extracurricular program offered by the University of Göttingen that supports you throughout your entire student life cycle, enabling you to successfully complete your degree and smoothly enter the German job market.

The following university institutions are involved in the InDiGU-PLUS project:

- Career Service
- Göttingen International
- Key Competence Area Intercultural Interactions

Interested? Visit the project page:

With funding from the:

Federal Ministry  
of Research, Technology  
and Space

Deutscher Akademischer Austauschdienst  
German Academic Exchange Service

Events during the  
Summer  
Semester 2026
